What are the Hazards?	Who might be harmed and how?	Likelihood	Severity	Risk Rating	What control measures are/can be put in place to reduce the risk?	Revised Likelihood	Revised Severity	Revised Risk Rating	What further action/control measures are still required to reduce the risk	Date to complete further action
Lack of ventilation leading to covid transmission	children, staff, parents	3	5	High	All doors, including fire doors, to be opened during use. Those using should dress appropriately if this leads to a cold environment.	1	5	Low		
Lack of social distancing leading to covid transmission	children, staff and parents	3	5	High	2m social distancing to be adhered to. Governing body guidance for that sport must be followed which will include maximum number of participants at once. If any participants display any of the symptoms they must not attend the activity or if symptoms develop during the activity they must go outside and leave the premises as soon as practical.	1	5	Low		
Poor hygiene leads to covid transmission	children, staff or parents	3	5	High	Regular hand washing / sanitising by participants is required before, during and after activity	1	5	Low		
contamination of surfaces leads to Covid transmission between participants or the school community	Children, staff, parents	3	5	High	Cleaning to be scheduled of key areas e.g. handles, equipment and toilets before and after use by external let. Those using the school facilities to enter the school via external gates. Shared equipment to be kept to an absolute minimum. Outside lets should bring their own equipment rather than using the school's. Where isn't possible a careful washing protocol of the equipment must be established and guaranteed. Changing rooms should not be used by external lets and the gym is out of bounds to limit touchable surfaces.	1	5	Low		
Lack of time between activities leads to mixing of pupils and participants as well as potential of virus to remain airborne		3	5	High	Time to be scheduled between pupils using and outside lets. This allows for a clean to be carried out and the area to be ventilated.	1	5	Low
