

THE ECB WOULD LIKE TO INVITE YOUR CRICKET CLUB TO VISIT THE NATIONAL SELF BUILD AND RENOVATION CENTRE

Help is at hand for you and your club on Saturday 27th November 2010

The National Self Build and Renovation Centre in Swindon is the UK's only permanent centre for self build and renovation - a must see for whatever project you might be planning - self build, renovation or conversion.

Forming part of the centre is the Wolseley House, a purpose built building in its construction phase so that visitors can see the state of the art sustainable technologies in use.

Wolseley House

Throughout the Centre you can see examples of how these technologies can offer not only substantial environmental benefits to your club but also financial too.

The day will run from 10.30am until 4pm and our agenda for the day will cover the following topics:

- **Funding and income generation** - Speak to ECB staff who will be present to offer you support
- **Facilities** - Find out about new builds, renovations or conversions - whatever relates to your club
- **Self help inc. NatWest CricketForce** - Let us show you what you can do to help yourself
- **Business Support** - Learn to make the right approach and ask the right questions
- **People Support** - Get the best out of your members and local community
- **Case Studies** - Learn from other clubs that have achieved success
- **A tour of the facility and what can be offered** - Put your questions to the Wolseley experts

Don't miss this opportunity to gain invaluable knowledge and get ahead in the game of sustainable and affordable construction. The day will be attended by over 150 people from across England and Wales, including those from other community cricket clubs and also helpful and dedicated ECB and Wolseley staff.

This invite is open to a maximum of four members per club and is free of charge to all. Lunch will be included so all you need to do is get there!

Please see the attached application form which needs to be completed and emailed to natwestcricketforce@ecb.co.uk by Tuesday 16th November 2010.
